

PATIENT NOTICE – Covid19

All patients who have been asked by the practice to come in for a face to face appointment with a member of our clinical team, will be asked to wear a face covering of their own choice from Monday 15th June.

This can be as simple as a scarf or other garment and does not have to be expensive

It is with regret that we ARE NOT able to provide these for patients but as we are sure you will appreciate, supplies must be saved for NHS staff

This request is in line with the guidance from the Government about compulsory face coverings in public areas – see link below

We hope you will appreciate that this is necessary and for everyone's safety including yours

Thank you
